

PREMIUM GUARD®

OIL & FUEL FILTERS FOR FREIGHTLINER

Premium Guard Heavy Duty Filters are precisely designed and engineered to meet OEM requirements and fitment. Providing high efficiency, our filters meet modern engine demands for maximum flow.

OIL FILTERS

- Engineered to meet or surpass OES indicated change intervals, typically between 5K and 60K miles
- Superior multi-pass efficiency and removal of particles 4 microns and larger without sacrificing capacity

HG50127

HG50101

FUEL FILTER KITS

- Specially designed to handle low lubricity issues found in ultra low sulfur diesel fuels required today
- Excellent contaminant removal at low micron level (≥ 4 micron) without sacrificing dust holding capacity

DF30192

DF30152
